1. Introduction

Our school is inclusive; we focus on the well-being and progress of every child and we are committed to ensuring all members of our community are equally valued.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement.

We recognise that these duties reflect international human rights standards as expressed in the [UN Convention on the Rights of the Child](#), the [UN Convention on the Rights of People with Disabilities](#), and the [Human Rights Act 1998](#).

Our approach to equality is based on 7 key principles:

1. **All learners are of equal value.** Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.
2. **We recognise, respect and value difference and understand that diversity is a strength.** We take account of differences and strive to remove barriers and disadvantages which people may face, in relation to sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.
3. **We foster positive attitudes and relationships.** We actively promote positive attitudes and mutual respect between groups and communities different from each other.
4. **We foster a shared sense of cohesion and belonging.** We want all members of our school community to feel a sense of belonging within the school and wider community and to feel that they are respected and able to participate fully in school life.
5. **We observe good equality practices for our staff.** We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development.
6. **We have the highest expectations of all our children.** We expect that all pupils can make good progress and achieve to their highest potential.
7. **We work to raise standards for all pupils, but especially for the most vulnerable.** We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school.

2. The Equality Act and Public Sector Equality Duty

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). This means that schools cannot discriminate against pupils, staff or the wider school community or treat them less favourably because of their sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity.

Age and marriage and civil partnership are also “protected characteristics” and although are not part of the school provisions related to pupils, would apply to staff and the wider school community.

The Act requires all public organisations, including schools, to comply with the Public Sector Equality Duty (PSED) and two specific duties:

The Public Sector Equality Duty or “general duty”. This requires all public organisations, including schools to:

- eliminate unlawful discrimination, harassment and victimisation;
- advance equality of opportunity between different groups;
- foster good relations between different groups.

Two “specific duties”. This requires all public organisations, including schools, to:

1. publish information to show compliance with the Equality Duty;
2. publish Equality objectives at least every 4 years which are specific and measurable.

Further information on how the Equality Act applies to schools can be found in the Department for Education document [Equality Act 2010: advice for schools](#).

3. Purpose of this Equality Policy

To comply with our legal duties under the Equality Act 2010 our Equality Policy describes how we are trying to systematically set and implement good practice in equality and diversity as follows:

- Develop and review the Equality Policy and our objectives with appropriate timescales for the future.
- Eliminate discrimination.
- Promote positive attitudes and eliminate harassment or victimisation related to any aspect of social identity or diversity.
- Promote equality of opportunity.
- Encourage participation by people with disabilities and people representing different aspects of social identity in public life.
- Take steps to take account of difference even where that involves treating some people more favourably than others.
- Take proportionate action to address the disadvantage faced by particular groups of pupils, employees, or other members of the school community like pupils’ parents or carers.

4. Links to other policies and documentation

Although this Policy is the key document for information about our approach to equality in line with the Public Sector Equality Duty, evidence of our commitment to our responsibilities under the Equality Act can also be found in our:

- Accessibility Plan
- Admissions procedures
- Behaviour Policy
- Equality impact assessment procedures
- Equality training materials
- Governing body minutes

- Child Protection Policy and procedures
- Code of conduct for staff and other adults
- School performance data
- Self-evaluation reviews
- SEND Policy
- School development plans

As a school we also collect the following information, broken down by race, religion or belief, sex, disability and, where relevant, sexual orientation, gender reassignment, pregnancy and maternity, marriage and civil partnership, and age:

- School admissions
- Pupil attainment and progress
- Prejudice-related incidents
- Sanctions (including suspension and exclusion)
- Staff recruitment and selection

The Equality Act also applies to schools in their role as employers, and the ways in which we comply with this are found in our Recruitment and Selection procedures.

5. Our school profile

Kirkby Stephen Primary School is a smaller than average sized community school of approximately 199 pupils situated in the Eden Valley. There is a ratio of 103 boys to 96 girls, slightly above the national ratio of 51 boys to 49 girls (DfE June 2023). 12% of our pupils have special educational needs.

The school serves a wide ranging, mainly rural community, but with a very mixed catchment in terms of social and economic background, prosperity and deprivation. The Headteacher was appointed in April 2022 and was acting head from January 2022. There is currently 4 full time teachers and 7 part time teachers. An HLTA and 9 teaching assistant who work across the school. The Chair of Governors took up this position in January 2024. Our most recent Ofsted Inspection was in July 2022, when the school was graded 'Good'.

20% of pupils take free school meals (FSM), just below the national average of 24.6% (DfE June 2024). We use our Pupil Premium Grant to increase teaching and TA hours, providing additional support for our most vulnerable pupils. We also provided extra resources for these children and aim to widen their opportunities ensuring they attend educational visits, after school clubs and sporting events. There are several areas within the school which are suitable for both quiet and busy activities or for use as withdrawal areas. The National Curriculum informs the context of pupils' learning.

We strongly believe in Quality First Teaching and continuous professional development. Our Teaching Assistants are deployed and trained effectively, enabling them to fully support teaching and learning within the school. The headteacher is the Senior Mental Health Lead, having completed the training in Summer 2024.

The school is part of the Eden Rural Alliance (ERA), a local cluster of primary schools and also works closely with Kirkby Stephen Grammar School for the mutual benefit of pupils, staff and governors of all schools. The cluster also includes a network for Administrators, Literacy/Numeracy/Science Subject Leaders, Early Years

staff, Year 6 teachers, G&T leaders and SENDCOs. Partnerships have been developed with the Eden Valley Sports Partnership – EVSP - (promoting a wide variety of sports in school) and local churches. A wide range of local agencies and businesses also support the school throughout the year through a number of ventures.

A very successful Fundraising Committee helps to maintain links with the local community, while raising funds for a variety of school projects. The University of Cumbria, Kendal College, KSGS, and other institutions place a number of students within school throughout the year. We consider our school to be a true Community School, which plays an important role in the locality. We opened wrap round care in April 2023 and are hoping for a steady increase in numbers as people become aware of the facilities.

The Local Authority (LA) handles admissions to the school. When we are made aware of pupils who are joining the school with special educational needs or disabilities, we arrange to meet the pupil and parents or carers and involve professionals from the LA and Health Authority to ensure any adjustments required to our buildings or curriculum are made in readiness for them starting school. The school has fully ramped access to wheelchair users. Our reception area is fully accessible and we have one disabled toilet. Information for parents and others is provided in verbal and written form and we offer it in alternative formats on request e.g., another language, braille etc. Recruitment procedures are based on those provided by our LA with all advertising being processed through the Council HR and Advertising Team.

Note: If we do not provide actual figures in relation to pupils or staff from ethnic minorities or any other equality group with protected characteristics it is because they are a small number of people and we must maintain their privacy. We are also not required to collect any statistical data which we do not already collect routinely e.g. RAISE online and other data.

6. Planning to eliminate discrimination and promote equality

Our Equality Objectives Action Plan identifies what we will be doing over the coming year and beyond to make our school more accessible to the whole community, irrespective of background or need. We prepare this plan through consultation with key stakeholders including pupils, parents & carers, governors, staff, and others in the school community.

In order for us to assess and make reasonable adjustments and proportionate steps to overcome barriers that may impede some people, we also have an Accessibility Plan (published on the school website) which specifically focuses on how we will improve equality of access to:

- education for pupils with disabilities;
- work for employees with disabilities;
- work or a family life for visitors and other members of our school community;
- other user groups who access our building.

We publish them together because they overlap and we want to make sure we are meeting our duties to promote positive outcomes in relation to disability, and actions to address other social identities.

Progress towards our Equality Objectives and the Accessibility Plan is reported on regularly to the Governing Body and reviewed annually. We publish an updated Equality Information Report annually about diversity in our school and how we are doing against our Equality Objectives.

We take steps to ensure our Equality Information Report and our Objectives are understood and implemented by all staff and are published on the school website. They will be made available in different formats and in different languages on request to the school office.

In line with DfE guidance on what we must or should publish on the school website, we will consider collecting and publishing governing board members' diversity data so that such information is widely accessible to members of the school community and the public.

7. Advancing equality of opportunity between different groups

7.1 Disability equality

Our commitment to achieving equality of opportunity for pupils with disabilities, their families, school staff, and other school users has a number of objectives:

We will promote equality for people with disabilities by:

- removing barriers to the accessibility of education, employment, services, information and buildings;
- encouraging good practice by our partners by giving relevant advice or instructions;
- ensuring we take their needs into account when procuring goods and services from our providers;
- promoting positive images of people with disabilities;
- challenging patronising or discriminating attitudes;
- making the environment as safe as possible for and challenging antisocial or bullying behaviour against, or harassment of pupils, staff or other school users with disabilities.

We plan to increase access to education for disabled pupils by:

- increasing the extent to which disabled pupils can participate in the school curriculum;
- increasing the inclusion of positive images of disabled people across the curriculum;
- improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services;
- improving the delivery of information to disabled pupils, to the standard of which is provided in writing for pupils who are not disabled;

We welcome the requirements of the disability equality duty and we are committed to meeting the duty. Our Policy shows how we promote disability equality across all areas of the school, to disabled pupils, staff, parents, carers and other school users.

Please also see our school's Accessibility plan

7.2 Racial equality and community cohesion

We recognise that people of Black, Asian and Minority Ethnic (BAME) origin experience discrimination based on colour, race, nationality, religion, and ethnic origin. Racial harassment and violence are the most serious consequences of racism, damaging people emotionally and physically and limiting life choices and opportunities.

To ensure this school takes all necessary steps to prevent and tackle racial harassment and to help people of BAME origin live free from harassment, feel safe and enjoy and achieve throughout their education or working life at our school, we will take steps to:

- keep accurate records of all groups of faith or ethnicity, their backgrounds and needs and how we respond to them;
- encourage dialogue between different racial groups on the suitability of our educational provision;
- prevent racial discrimination, and promote equality of opportunity and good relations between members of different racial, cultural and religious groups;
- encourage pupils and their families of all ethnic groups to participate fully in all aspects of school life;
- use our support for the voluntary and community sector to promote good race relations;
- counter myths and misinformation that may undermine good community relations;
- ensure our staff and other adults working in our school, pupils and their families, as well as our partners and the wider community fully understand the principles of good race relations.

We access training from **Anti Racism Cumbria** and all staff have completed 'The Hill we Climb' training and we are using the film and related lesson plans and worksheets with the children across school.

7.3 Sex and gender reassignment equality

We are committed to combating sex discrimination and sexism and promoting the equality of women, men, boys and girls.

We are also committed to ensuring the rights under the Equality Act of people undergoing gender reassignment (defined as applying to anyone who is proposing to undergo, is undergoing, or has undergone a process or part-process, for the purpose of reassigning their sex by changing physiological or other attributes). This means that in order to be protected under the Act, pupils or staff will not necessarily have to be undertaking a medical procedure to change their sex but must be taking steps to live in the opposite gender or proposing to do so. So far, the law has not acknowledged non-binary or genderless individuals, but we want to act appropriately to safeguard and include all members of our communities.

We will give due regard to the need to:

- eliminate unlawful discrimination, sexual harassment, harassment and victimisation on the grounds of sex or gender reassignment, including domestic violence, sexual violence, bullying, and exploitation;
- promote equality of opportunity between women and men in all our functions.

7.4 Religion and belief equality

This school recognises that people can face discrimination because of attitudes in society towards the religion, faith, or belief they hold or faith community they belong to. Faith-based hate crime has a character that is distinct from race-based hate crime. We also recognise that a person's religious (or similar) beliefs may

mean that they have different needs, demands and expectations, which require flexibility. We understand this means we must assess the impact that our policies, functions and procedures have on promoting equality for people based on their religion, belief or non-belief.

(**Note:** There are exemptions under equality law e.g. the content of the curriculum but not the delivery of it; for schools with a religious character (faith schools) in admissions; freedom to provide collective acts of worship for one religion and not another; or to include all pupils regardless of faith in learning about a religious celebration without unlawfully discriminating. Check you are applying them properly using DfE Guidance: ['The Equality Act and Schools'](#)).

7.5 Sexual orientation equality

This school is committed to combatting unlawful discrimination, sexual harassment, harassment and victimisation faced by people who are lesbian, gay, bisexual, transgender, or questioning (LGBTQ+) and we aim to ensure equality of opportunity in education, services, and employment.

We will respect the rights of individuals to be open about their sexual orientation, tackle homophobia, challenge stereotyping and improve knowledge about LGBTQ communities, both inside the community and across wider society.

We are committed to taking a proactive approach to preventing all forms of homophobia in the school community and will assess the impact of our policies, functions and procedures on promoting sexual orientation equality as part of the Equality Impact Assessment process.

7.6 Pregnancy and maternity equality

This school is committed to ensuring that staff who are pregnant or have recently given birth are protected from both direct and indirect discriminatory practices, disadvantage and unfavourable treatment.

To ensure pupils who are pregnant or have recently given birth or have experienced a still birth are protected from discriminatory practices, this school will not exclude them purely on the grounds of pregnancy and will provide up to 18 calendar weeks of authorised absence immediately before and after the birth to help reintegrated the pupil into education as quickly as possible.

7.7 Equal opportunities for staff

This section deals with aspects of equal opportunities relating to staff. We are committed to the implementation of equal opportunities principles and the monitoring and active promotion of equality in all aspects of staffing and employment.

- All staff appointments and promotions are made on the basis of merit and ability and in compliance with the law.
- We are also concerned to ensure wherever possible that the staffing of the school reflects the diversity of our community.
- As an employer we strive to ensure that we eliminate discrimination, sexual harassment, harassment and victimisation in our employment practice and actively promote equality across all groups within our workforce.
